

# **“SANTA'S NOT A UFO”**

It was Christmas Eve in Washington, the stars were shining bright,  
With Secret Service on rooftops, they kept watch through the night.  
Then radar showed a blip up high, moving faster than a plane,  
They said, “Mr. President, we’ve got a strange one again!”

Scramble the jets, get them ready, c'mon let's go,  
'Cause something weird's flying over Idaho!

Santa’s not a UFO, though sleigh lights sparkle and glow.  
He’s got reindeer power and a Ho-Ho-Ho,  
But, Mr. President, you’ve gotta know,  
Santa’s not a UFO!

NORAD’s phones were ringing loud, the Air Force was on edge,  
They whispered something's flying fast, it's big and oh, so red!  
Then President said, “This is no joke, It's flying fast, It's coming near!”  
But when cameras zoomed on in, it was Santa and his flying reindeer!

“Stand down the jets, let all the kids dream,  
It’s just Saint Nick and his Christmas team!”

Santa’s not a UFO, though sleigh lights sparkle and glow.  
He’s got reindeer power and a Ho-Ho-Ho,  
But, Mr. President, you’ve gotta know,  
Santa’s not a UFO!

Forget the aliens, forget the scare,  
It’s just Santa and his team flying all across the air!  
Then the President laughed with a big jolly cheer,  
Saying, “Merry Christmas to all, and a Happy New Year!”

Santa’s not a UFO, though he flies where no planes go.  
He’s got reindeer engines in the snow,  
Delivering gifts in a moonlit glow,  
Santa’s not a UFO!

NORAD tracks him every year, just so you know,  
Santa’s not a UFO!
